

2nd CALL FOR PAPERS

1st INTERNATIONAL COAL CONFERENCE

4-6 November, 2013 - Jamshoro Pakistan

**Abstract submission EXTENDED
deadline 15 May, 2013**

Event Timetable

25 February, 2013

Call for Paper

Abstract Submission deadline	15 May, 2013
Abstract Acceptance Notification	15 June, 2013
Submission of Full Paper	15 July, 2013
Registration Opens	July 10, 2013

Energy & Environmental Engineering Research Group, **Mehran University of Engineering & Technology & Sind University** is privileged to announce the holding of "1st International Coal Conference" at Jamshoro Pakistan

The main objective of the conference is to provide a unique opportunity to scientists, engineers, investors, managers and stake holders from around the world to come together at Jamshoro and discuss the recent advances & developments in coal mining, preparations and quality improvement technologies; power generation and other product generation technologies and health, safety and environmental issues. **Coal International** will be an important international networking opportunity.

You are invited to submit the abstract of the paper not more than 500 words. The authors of the selected papers will be asked to submit a full paper for peer review. The conference abstract book and proceeding will also be published.

Accordingly, papers are invited from the following broader areas but not limited to:

Coal Mining

- Exploration, Mining Geology and Geostatistics
- Coal and Mine Economics
- Planning and Design of Surface and Underground Mines
- Rock Mechanics and Geotechnics
- Mine Ventilation & Mine Drainage
- Mine Machinery
- Occupational Health and Safety, Mine Environment
- Surface Subsidence,
- Mine fires and explosions & Risk Management

Coal Characterization & Up-gradation

- Characterization
- Coal preparation and upgrading

Coal combustion, gasification & Clean coal Technology

- Combustion & Co-firing
- Gasification
- Underground coal gasification
- Oxyfiring
- Clean Coal & zero emission technologies

Emissions & their control

- Carbon capture and storage
- Emissions and their control

Coal- General

- International perspectives

Abstract/paper submission:
